Hi Antonina,

Thank you to BHIA for taking the time to reach out to our staff. The comment period for the draft zoning for Neighborhood Housing Zoning Initiative released in July will continue through October 31. We have received hundreds of comments through email, our online survey, physical comment cards, and in-person conversations at events. As we continue to receive comments, we are carefully reviewing and analyzing all of the feedback. At the conclusion of the comment period, staff will compile all comments received, summarize and analyze the findings, and release all individual comments to the public for review. We expect to have that compilation and release prepared in November.

Will
